ESOTERIC CONFERENCE

2023

## 2023 OCCULTURE CONCEPT

---

Adrian Baxter's artwork depicts a gender-neutral figure adorned with six hands and a lower body resembling that of a serpent firmly anchored in the earth. This serpentine form symbolizes fertility and the essence of a vibrant, creative life force. Just as serpents shed their skin, signifying **rebirth, transformation and healing**, the imagery aligns with the core intention of Occulture 2023.

The image symbolizes the journey of ascending through diverse experiences, equipping one to grasp the reins of the cosmic chaos. The hub of the wheel links to the character's third eye.

The skull, conversely, serves as a representation of what lies beneath the surface - an embodiment of **ego dissolution**.

In essence, Occulture can be perceived as an alchemical furnace, a gateway, an embryonic entity, and a microcosm of the universe.

2023 Occulture Conference will have two main rooms.

### **SOLVE et COAGULA.**

*Solve et coagula* is a principle of alchemy meaning "dissolve and coagulate". According to this principle, a substance must be broken down before it can be built up into something new. *Solve* refers to the breaking down of elements and *coagula* refers to their coming together.

This transmutation process contains a metaphorical meaning: it could be analogous to the destruction of one's ego before the realization of the true self.

In its purest form, Occulture is a collective alchemy: a furnace that transforms by destroying and merging components from multiple sources into a new creation.

**GARDEN OF AETHER** is an ineffable project, containing the five elements and becoming the womb of the unexpected. It hosts art installations, performances and virtual reality experiences.

## ETIQUETTE & BOUNDARIES

---

# THE FELLOWSHIP OF THE WHITE MOUNTAIN

---

One night some years ago, a group of mysterious adepts arrived in Berlin. Their appearance was heralded by a strange sign — a red snow falling gently from the east. Each came independently, navigating to our reality from different timelines, called to travel at once to this dimension. As they arrived one by one at the noodle restaurant housing the Berlin Kuman Thong, the kaleidoscopic consortium realised their meeting was no accident. Drawn together by fate, bonded by strength in the arcane arts, they resolved to establish a new order dedicated to the pursuit of occult knowledge in all its forms. Thus the Fellowship of the White Mountain was born. Coming from a multiverse where Magick is a fundamental part of everyday life, the Fellowship see further than the grid of matter. This augmented sight has showed them the golden path to enact the singularity of an active transdimensional wormhole. Occulture stands at the crossroad of this initiation.
